

## **Remote Learning Timetable**

Please see below your lessons for today. Below is a suggested order, however, it is up to you which order you do your lessons. Although, there will be times where we will be meeting online, using Zoom. It is important that you check your emails for any Zoom links. If you are struggling, please do not worry, you will have the chance to chat with your class teacher at the catch up sessions. Move onto something else and you will always be able to go back to it.

Maths (1 hour)	We are carrying on with our learning on length. We are looking at equivalent lengths. This means lengths that are the same but they may be recorded differently. For example, 350cm is the same as 3m and 50cm. Watch the clip below to understand how to find equivalent lengths. <a href="https://www.youtube.com/watch?v=bvOc-MQNe-k">https://www.youtube.com/watch?v=bvOc-MQNe-k</a>  When you have done this, have a go at the task. <i>If you are feeling confident, have a go at the challenge.</i>
