

- 1) a) 40cm  
b) 1m 20cm  
c) 1m 70cm

2)

cm	=	m
200	=	2
500	=	5
900	=	9
300	=	3

- 1) Frances is not correct. Amanda's car travelled 219cm, which is further than 209cm.  
2) Oliver is correct. There are multiple ways to answer the question. For example if the whole is 612cm, the parts would be 6m and 12 cm. If the whole is 212cm, the parts would be 2m and 12cm.  
3) This is sometimes true. 7m is longer than 275cm, but 1m is shorter than 275cm.

- 1) a) A - Danny, B - Annie, C - Chris, D - Angela  
b) Various answers are possible:  
My plant is 123cm tall, my plant is between 120cm and 130cm tall, etc.  
2) Children's answers will vary.
