

Read the selection of Winston Churchill's speeches and find 4 words that you think are powerful and write in your circle. Next, explain why they might have been chosen. Write the explanation in the box next to the word. This can be drawn and completed on paper. You do not have to print this out.

Remember 'powerful' words are ones that can make you see, hear or feel something.

<i>'Fight' may have been chosen to show the strength and determination of the soldiers and the country to take part.</i>	

**I. Fight**

*Add your four words in here*
