

English

You are going to re-write The Highway Rat poem as a story (it does **not** need to rhyme). Today you will just focus on the first half. Use your first story board as your plan to help you do this.

Remember to use your work on adjectives, sentences and expanded noun phrases to help you describe The Highway Rat.

Challenge: Can you start with an exciting setting description? Where is it? Is it day or night? What can you hear, see or smell?
