Question 2

What is it like to live in Southampton and Cornwall?

Question 3

How can we compare Southampton and Cornwall using the words urban and rural?

Which pictures belong together?

Make two groups from these pictures.

Use the letters from the pictures to write two lists.

I've grouped them like this...

Now write down a name that describes each group.

The name for an area that has lots of buildings like **cities** is called
URBAN

The name for an area that has lots green spaces and farm land is called
RURAL

Write or draw all the things you expect to see in an URBAN area and a RURAL area.
Remember an example of an Urban area is a city and an example of a rural area is the countryside.

Urban	Rural

Here's a few I cam up with... Can you add any to your list?

Urban	Rural
Main Roads	Country Roads
Factories, offices, large shops, cinemas and restaurants	Farms, Some small shops and businesses
Big Housing estates and blocks of flats	Small number of houses
Lots of people	Not a lot of people

There is more green space in rural areas and there are fewer people which means you need less of the things you see in cities like main roads, offices and housing.

Fewer people living somewhere is called
Less densely populated

Lots of people living somewhere is called
densely populated

Densely means crowded

Answer these questions

Are rural areas less densely populated or densely populated?

Are urban areas less densely populated or densely populated?

That's correct...

Rural areas *less densely populated*.

Urban areas are *densely populated*

Would you prefer to live somewhere that is **rural** or somewhere **urban**?

Write in your books to explain why?

Use this stem sentence to help you.

I would like to live somewhere that is……………………… because………….

Now you are going to compare two locations

The first is Cornwall, which you know is a county, and the second is Southampton, which is a city.
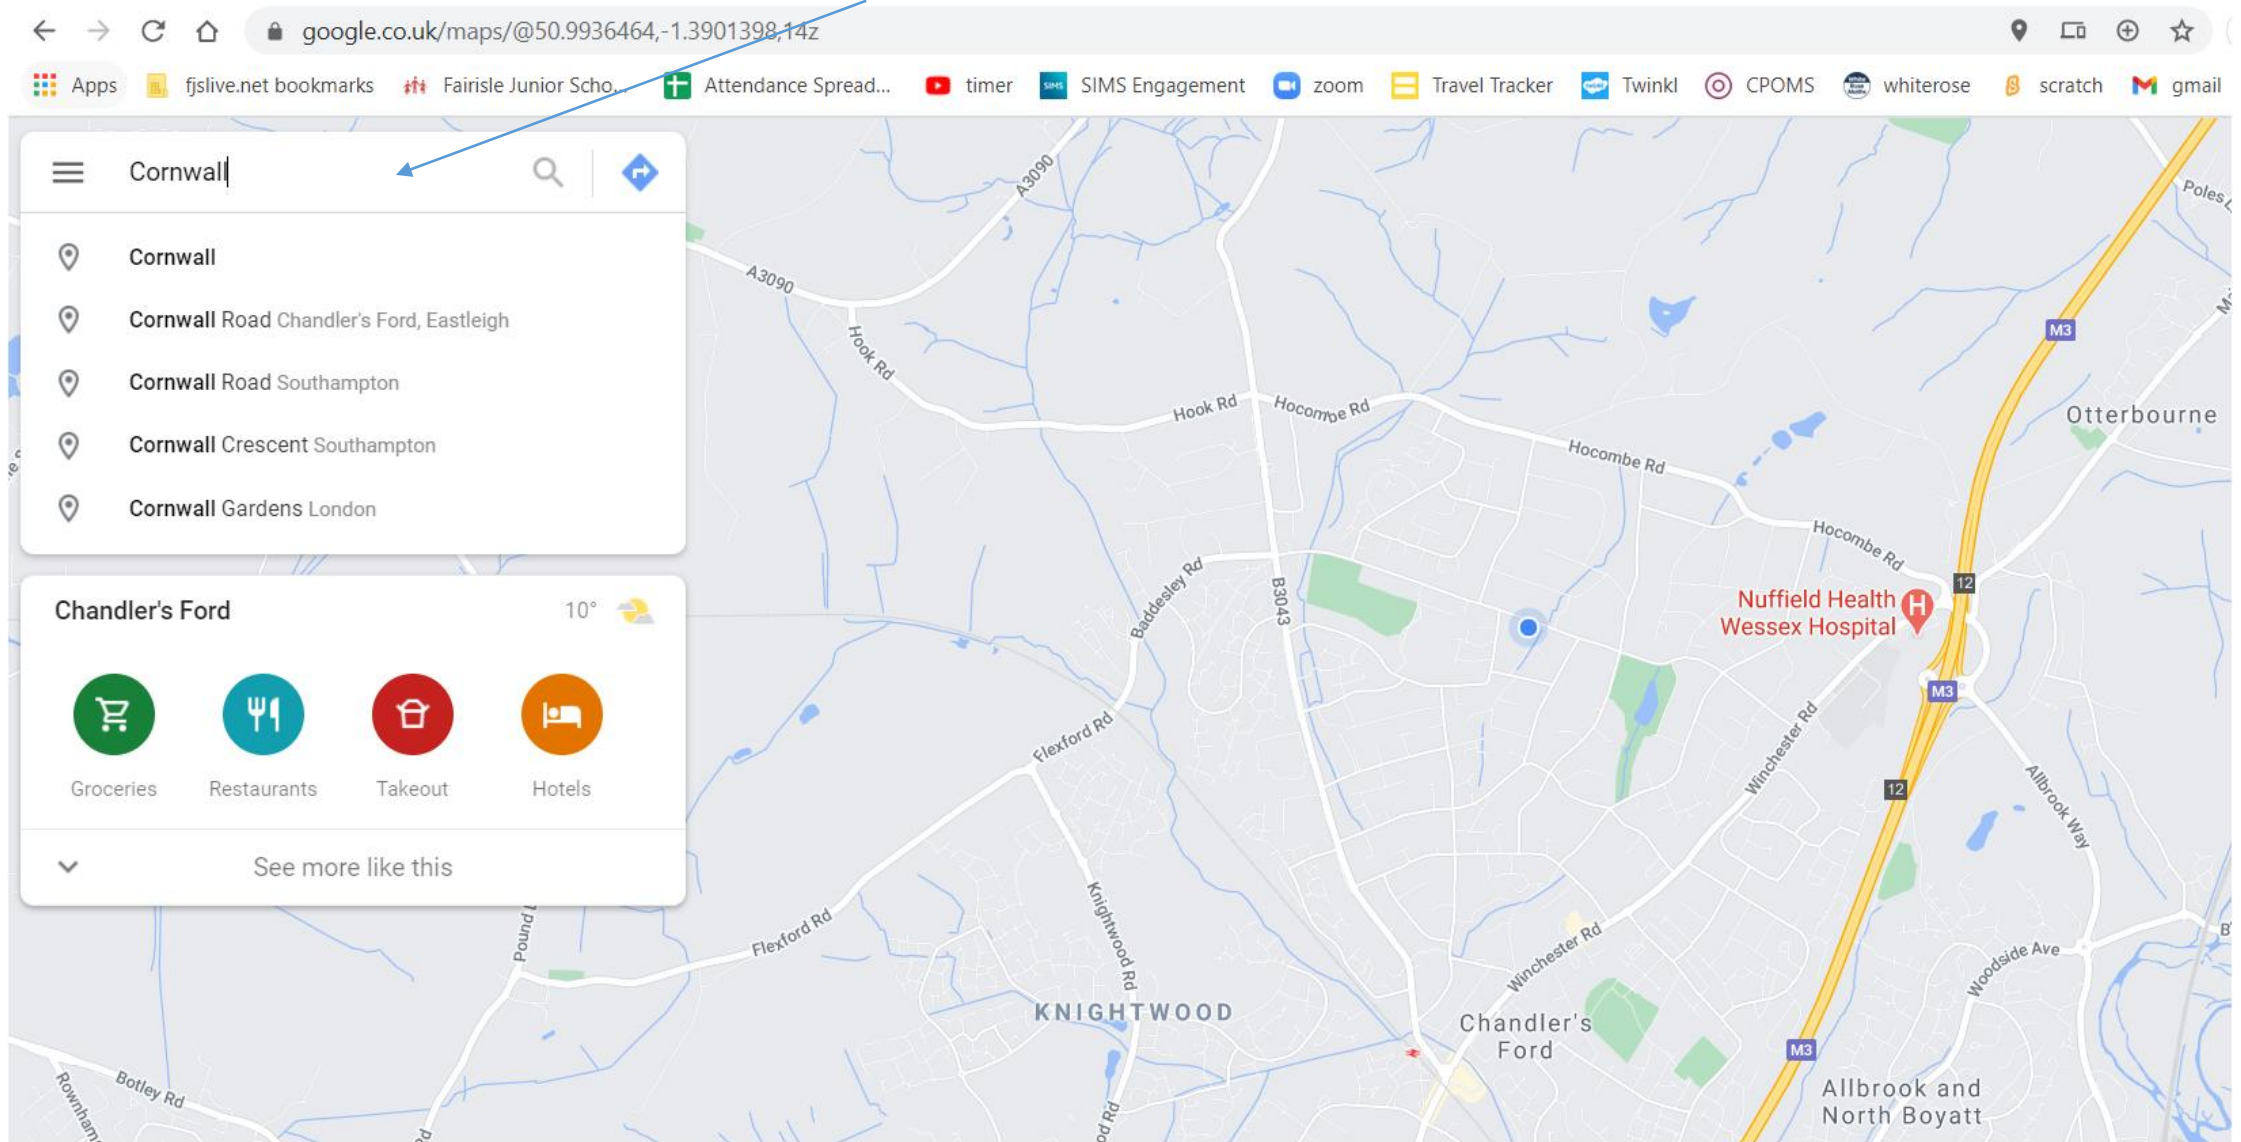

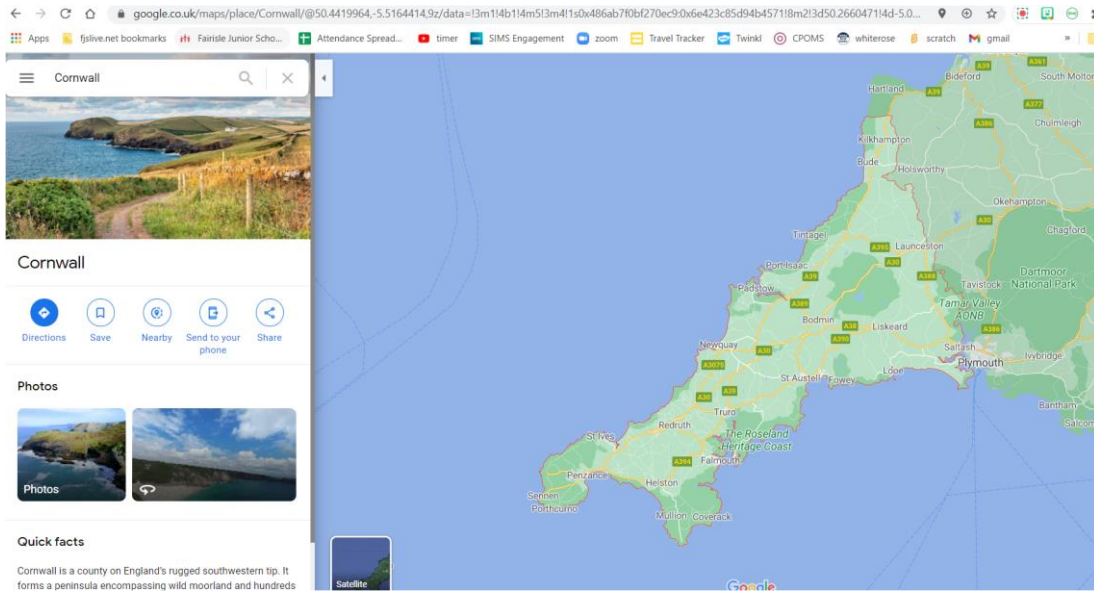

Where are Southampton and Cornwall located?

Use an atlas or google maps to find Cornwall and Southampton.

To go to Google maps click the link or type google maps into a search engine
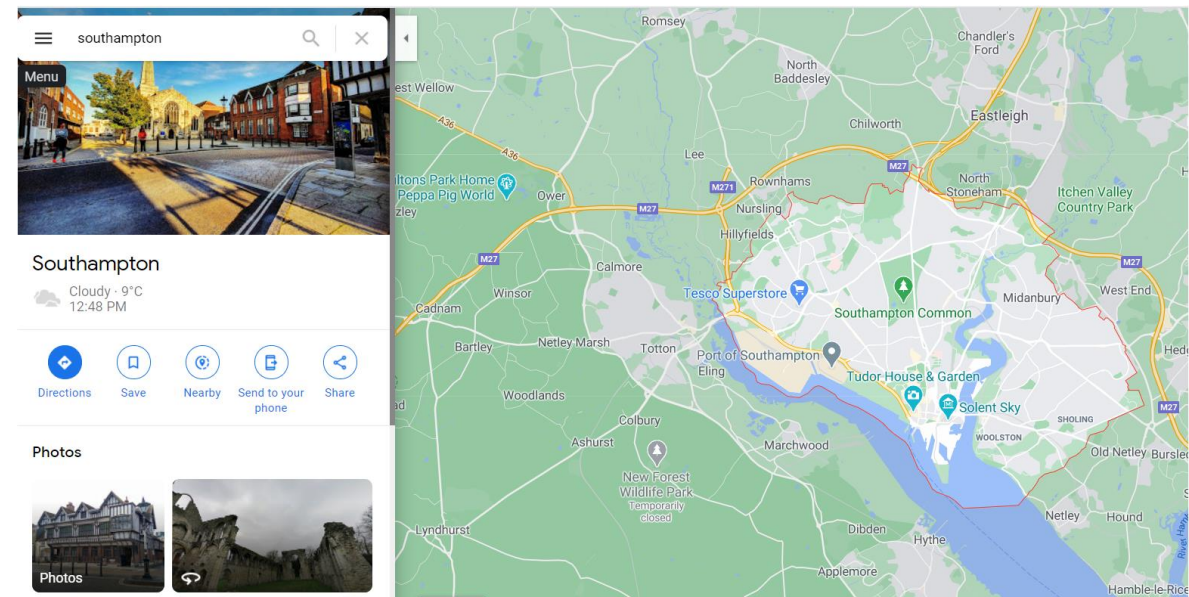

https://www.google.co.uk/maps

Type the word Cornwall or Southampton in to the search box.

Cornwall

Southampton

Look at the map and the pictures.

<u>Think</u> about what types of places these are.

What are the similarities and what are the differences?

Now watch the video and write a list or create a mind-map of why Southampton is an urban area (what do you see and hear?)

https://www.youtube.com/watch?v=1L-iuM6yfAs

Now watch the video and write a list or create a mind-map of why Cornwall is a rural area (what do you see and hear?)

https://www.visitcornwall.com/node/1280

You will need to scroll down the page to find the video

Aerial Tour of CORNWALL

Explain why you think Southampton is an urban area and Cornwall os a rural area.

Us these stem sentences too help you.

Southampton is urban because ......

Cornwall is rural because ......

Finally, draw and label your own urban and rural areas.

- Draw two pictures one of an urban area like Southampton and the other a rural area like Cornwall

- Make sure you label the type of things you would see. Look at the list you've create to help you.
