Maths Challenge #1

No remainders allowed!
The answer is a whole number!

If the answer is…

4288

…what is the question?

Think of at least 3 questions using your knowledge of division. These can be arithmetic style questions or worded problems!

Maths Challenge #2

Write as many facts as you can about the number…

13

e.g. it is a 2 digit number…

Make sure you include some division facts to practise your division skills too!
