

Year 5's Perfect Pancake Project!

This year, Shrove Tuesday (also known as pancake day!) falls on Tuesday 16th February.

Task 1 (RE):

- Find out all you can about Shrove Tuesday. You may want to include which religion it comes from, why it is celebrated, where it is celebrated or how people celebrate it differently around the world.
- You can use Google slides or Google docs to present your information and include images to support your ideas.
- Although it is not your piece of work to be marked this week, if you want to email it to your class teacher, they'd love to see it!

Task 2 (DT):

- Now that you know all about the history of Shrove Tuesday and why we eat pancakes, it's time to get creative!
- We'd like you to design your own pancakes. You can use Google for different ideas or create something totally new.
- <https://www.youtube.com/watch?v=xlyUyCi-3KI>
- You could design the shape and size of the pancake as well as the filling it may contain. Is it going to be sweet or savoury? Will you make a big round pancake or try and make a shaped pancake? It's up to you!
- Draw your designs on paper and label them carefully with what you are adding. We would like at least 3 different designs.

Challenge: On Shrove Tuesday, can you take a photo of your best pancake and send it to your teacher? There will be a small prize for the best pancake in every class!
