

# Challenge

Jacob, Oscar and Lisa each have 32 buttons.

Toby and Lucy have 13 buttons each.

How buttons are there in total?

# Challenge answers

Jacob, Oscar and Lisa each have 32 buttons.

Toby and Lucy have 13 buttons each.

How buttons are there in total?

$$32 \times 3 = \underline{96}$$

$$10 \times 3 = 30$$

$$30 + 30 + 30 + 6 = 96$$

$$10 \times 3 = 30$$

$$10 \times 3 = 30$$

$$2 \times 3 = 6$$

$$13 \times 2 = \underline{26}$$

$$10 \times 2 = 20$$

$$20 + 6 = 26$$

$$3 \times 2 = 6$$

$$96 + 26 = \underline{122}$$

There are 122 buttons in total.
