Today, you are going to plan your own creation story. You will be using a plan called a 'margin plan.'

To create your story, you need to think about some key points:

Who is going to be the creator of your world?
Look back to your ideas last lesson.

Why is the world needed?
Is it for giants, for man, etc.

What steps are taken before the world is created? How will it be left at the end?

Set your work out in the way I have on the next slide.

LO: I am learning to plan.

Set your work out on a new double page spread.
