Maths challenge!

Fill in the missing boxes. Explain how you worked these out.

Example:

50 X $\boxed{6}$ = 300

I know this because 5 X 6 = 30

---

1. 40 X 5 = 200

I know this because 4 X 5 = 20

2. 8 X 20 = 160

I know this because 8 X 2 = 16

3. 60 X 8 = 480

I know this because 6 X 8 = 48

4. 60 X 6 = 360

I know this because 6 X 6 = 36

5. 210 ÷ 3 = 70

I know this because 21 ÷ 3 = 7

I know this because 7 X 3 = 21
