

LO. What are the regions and counties of England?

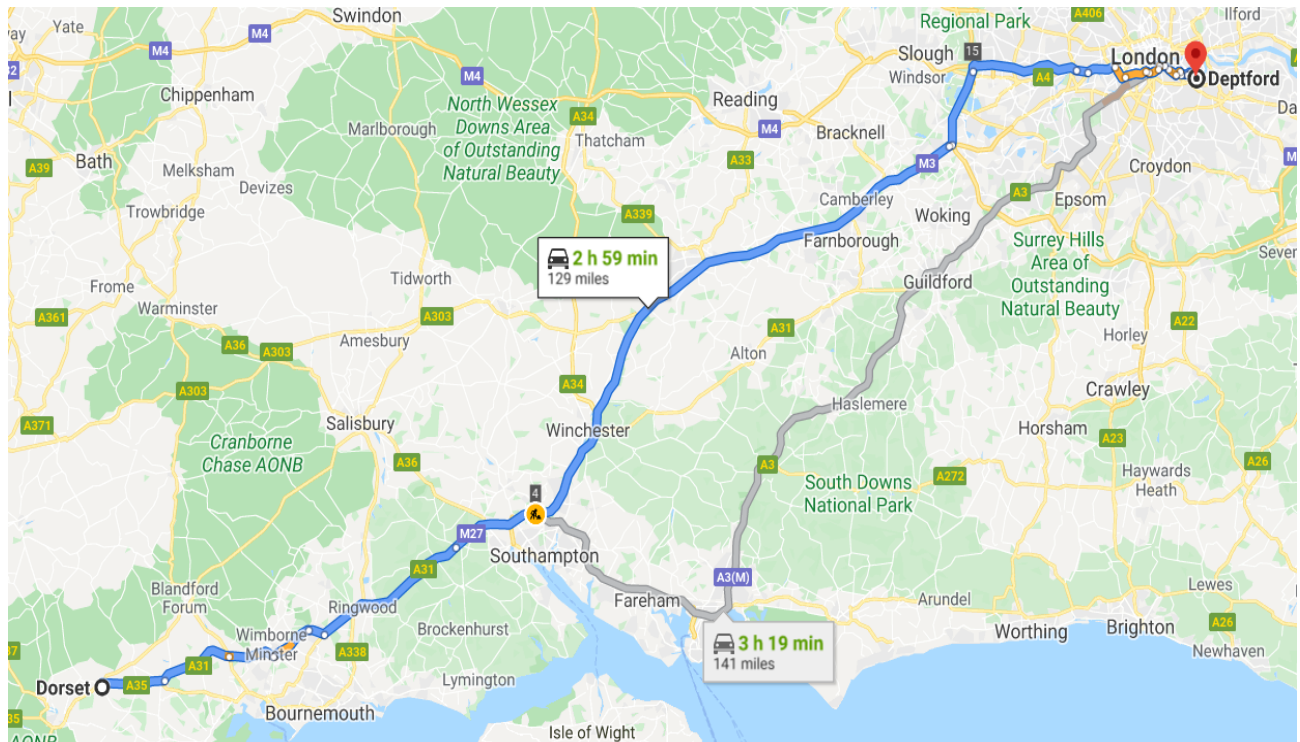

Context: WW2 Evacuees

On your map you are going to locate on the map where William Beech lived before the war and where he was evacuated to and mark it with a red dot.

Using Google maps to help you to draw the route you think William would have travelled and mark on the map the different counties he went through.

Extension: Label the seas of England onto your map and mark the different counties that William went through on the map.

1. Where did William Beech live before WW2? What county was this town in?
2. Where did William travel to as an evacuee?
3. Which counties did William travel through?
4. How many miles did William travel?

CHALLENGE

Find a route where he travelled through the least amount of counties, what are the names of them?

Find a route where he would travel through the most counties, what are the names of them?
