

LO: I am learning to retrieve information from the text

Listen to chapters 9 and 10 of Viking Boy then use the text to help you answer these questions.

1) Does Rurik want to be 'King of Kaupang?' How do you know? Refer to the text in your answer

*Rurik doesn't want to be king of Kaupang. I know this because in the text when he tells Gunnar that Starkad is the prince of Kaupang and one day it will all be his he then says "he is welcome to it". This shows he is happy for Starkad to be king instead of himself.*
