

Today is reality.
Yesterday is history.

What is History?

It is studying about the past.
You have to find clues from different
sources to help you piece together
missing parts of the jigsaw.

What is ...

Chronology?

A large, empty rectangular box with a black border, intended for a student to write their definition or explanation of chronology.

What is ...

Chronology?

'Chronology is the 'bigger picture', the air history breathes. Chronology is the ordering of events in relation to the passing of time.'

Think...

What vocabulary can we use to talk about when historical events occurred?

The worksheet features a yellow background with horizontal stripes. On the left, a thinking emoji is positioned below a large speech bubble containing the text "Think... What vocabulary can we use to talk about when historical events occurred?". To the right of the speech bubble is a large, empty rectangular box for writing. The entire content is framed by a decorative border with a repeating pattern of small, colorful figures.
