Children use equipment to show 24 is ten less than 34 and 44 is ten more than 34. They use equipment to show 69 is ten less than 79 and 89 is ten more than 79.

Ria has 74. If she gives ten away she will have 64.
 Sam has 56. If he gets ten more he will have 66.
 66 is greater than 64 so Sam will have more than Ria.

I am thinking of a number. It is 10 more than 41.
51
 I am thinking of a number. It is 10 less than 15.
5
 I am thinking of a number. It is 10 more than 65.
75
 I am thinking of a number. It is 10 less than 98.
