

RE - Spring 2 - Week 1

Focus: Christianity

Topic: Resurrection

The topic of this half term's RE is RESURRECTION.

Remind yourself:

The *resurrection* is part of the Bible story about Jesus that we tend to know as 'The Easter Story'.

This story happens the Sunday following Good Friday - The day Christians know as Easter Sunday.

Ordinarily, people's lives end with their death. But Christians believe in the resurrection of Jesus Christ. They believe that he can back to life three days after he died. Many people struggle to believe that it really happened. However, Christians believe that, although this explanation is strange and apparently impossible, this is what really happened to Jesus.

Task 1 - Read the comic strip version of the Resurrection story. This is a different account of the same events. Can you tell any similarities/differences to the video from last lesson?
