

Remote Learning Timetable

Friday 19th March 2021	
Maths 1hr	<u>L.O: I am learning to find a quarter</u> In this lesson you will be learning to find a quarter. Please click on the link and watch the video before completing the worksheet. https://vimeo.com/513814593
Times tables 30 minutes	Yesterday, you looked at fact family triangles. Today, have a go at completing the missing numbers in the multiplication and division triangles. Choose a sheet that you feel most confident with.
English 1 hour	<u>L.O. I am learning to use apostrophes.</u> We are continuing to write our fact files on Stonehenge. We are going to be recapping how and when to use apostrophes. We will be looking at the ceremonies that took place at Stonehenge!
Census Learning 1 hour 30 minutes	On Sunday it is Census. Click the link to learn all about the Census. Once you have watched the video and understood what Census is and why it is important, you have a task to consider how the Census impacts your local area and community. Lordshill has changed dramatically over the years and one of these reasons is because the number of people living there has increased. Follow the PowerPoint and your task will be to create / design something to improve the local community. A full explanation can be found on the PowerPoint. https://www.youtube.com/watch?v=pVJXv5eCG1U&t=13s
