LO: I am learning to retell a story from a different perspective.

Stick the image of the doll at the end of the film in your books.
Annotate the image by answering key questions:

- what is her name?
- how does she spot the shop/doll?
- how does she get into the shop?
- what does she see? Does Alma doll do something like the boy did on the bicycle?
- does she touch the doll?
- does she become a doll like Alma or does she escape?

alma

Use the opening sentences and the word banks to help you re-tell the story of the new doll in third person.

Remember to use your annotations of the image (this is your plan).
