

Day 8

Reading (1 hour)	<p>In today's lesson, you will analyse the author's use of language. You will need to open the extract and reading task on the website as well as following the link below.</p> <p>https://classroom.thenational.academy/lessons/to-analyse-the-authors-use-of-language-c5h3jd</p> <p>Today we would really like you to show your teacher the reading work that you have been doing. Email over a picture of your work or share via Google Docs and they will give you some feedback.</p>
Maths (1 hour)	<p>In today's lesson you will be revising the different types of triangles. You will be comparing and classifying, looking at how to recognise the different types and the sum of the angles in a triangle.</p> <p>https://classroom.thenational.academy/lessons/compare-and-classify-triangles-6mu6at</p> <p>Challenge: Complete the true or false maths challenge.</p> <p>Pink group: Label the triangle types on the worksheet provided. This will help you with the Oak Academy task. There is a poster sheet that will help you with this task.</p>
Spelling (1 hour)	<p>In this lesson, you will use spelling practice strategies to learn curriculum words. You will need a pen, colouring pencils and some paper. Open the link and watch the video up to 7.14. Take some time to practise these spellings using a selection of spelling strategies that you know e.g. pyramid words, red vowels, drawing around the word, speed-writing, crazy font, look-say-cover-write-check etc.</p> <p>https://classroom.thenational.academy/lessons/to-practise-curriculum-words-6tj32d</p>
Science (1 hour)	<p>In this lesson, we will learn what the fossil record has taught us about the history of organisms that have existed on our planet. We will learn what a geologist is and what they can tell us about the organisms that have lived during each geological era of time. For this lesson you will need a piece of paper, a pencil and a ruler.</p> <p>https://classroom.thenational.academy/lessons/which-organisms-lived-during-each-era-of-time-71jk0d</p>
