

# Make-a-Maya mascot

*A mascot is something that represents something else and brings good luck.*

*You will be designing a mascot that would have represented the Maya civilisation and would have brought them good luck.*

**Must include** ...The minimum it must have to be acceptable.

**Should include** ...to delight the Gods and give the Maya a mascot to be proud of.

**Could include** ...to go above and beyond and show you're great at making mascots.

**Won't** ...because it's unnecessary and not required by the Maya people (do not include it).

## Some examples of mascots

Olympic games

Southampton FC

## Maya's list of requirements for the mascot.

Must represent one of the Maya Gods

Coloured body

Include something symbolic to the Maya

More than 1 head

Give your mascot a name

Under 30cm tall and 30cm wide

Something shiny

Two eyes

A written explanation of your model and what it represents

Legs

A headdress

Something to represent Maya inventions

Maya writing or symbols

School rules

Objects in hands
