1. What verb is used to describe how Finn left the house?

The author uses the verb stumbled to describe how Finn left the house.

2. How is Finn feeling when he meets Titus? How do you know?

Use the P.E.E structure to explain your point.

Finn is feeling scared, I know this because in the text it states 'Finn was standing face to face with Titus, a knot of fear in his stomach'. This suggests that Finn is feeling nervous and anxious about his encounter with Titus.

3. How does Lucilla feel knowing that she is to be married to Titus?

Use evidence from the text to support your response.

In the text Lucilla is feeling hopeful, as she says 'Marrying Titus will get me away from my uncle and I have to escape this house one way or another'.
