## OUR OFSTED REPORT – WELL DONE EVERYONE!

Dear Parents and Families

I am very pleased and proud to be able to send you a full copy of our OfSTED Report from our inspection at the beginning of May, which shows **we continue to be a good school**.

I hope you will agree that the inspector has summed up our school extremely well, highlighting our children's 'impeccable behaviour', their hard work and the trust in which they hold our staff. I am also overjoyed that she noted the inclusive nature of our school and the high ambitions we have for all our children, including those with Special Educational Needs and Disabilities. She also recognised the improvements we have made in reading, maths and history, which she conducted deep dives into during her visit to our school. Our arrangements for safeguarding are effective and our team is 'persistent and tenacious in making sure support is in place for vulnerable pupils and families'.

I am also extremely proud of all our staff; their dedication and commitment shone through during all aspects of the inspection.

The area she noted for improvement around the sequencing of tasks in some foundation subjects is work that we had already identified and we had planned to move this forward during our forthcoming staff training day closure on 30<sup>th</sup> June.

Finally, I am delighted that the report validates our own leaders' judgments of our school and supports our drive to make Fairisle Junior School the very best it can be for our children and staff.

Best wishes

Peter Howard  
**Headteacher**
