

Winter Activities

Go play in the snow and have some chilly fun.
Watch how it glitters in the dim winter sun
or join a snowball fight that's already begun.
May your outdoor winter fun never cease.

A snowperson can be built as almost anyone:
a morning jogger out on a cold, icy run;
an old man walking with his small grandson;
a painter working on a winter masterpiece.

Eat a tasty roast dinner that's perfectly done
or play a board game that's not easily won.

Solving a puzzle is another indoor option.
Winter can be a time for rest, relaxing and peace.

Read a book while eating a spiced fruit bun.
Watch icicles grow in a downward direction
and see snow fall for an evening's duration
while you snuggle under a warm fleece.
