

Dear Parent/Guardian,

IntoUniversity FOCUS Week

Our team at **IntoUniversity** Southampton West are looking forward to welcoming the Year 6's from Fairisle Junior School to attend our STEM **FOCUS Week**. This FOCUS Week will be a five-day event, and will run from Monday the 12th of October to Friday the 16th of October. During the week students will learn all about STEM, take a trip to the Sea City Museum, and have a graduation day at school.

What to Bring

Your child should arrive at school on time and bring a water bottle. All usual lunch arrangements should stay the same.

Transportation

IntoUniversity staff will come to Fairisle Junior School every morning and we will finish our workshops before the end of the school day, ready for you to collect them at the usual time.

During the FOCUS Week students will do activities based around STEM and will visit locations that will teach them more about this subject, including a trip to the Sea City Museum. School staff and **IntoUniversity** staff will accompany students at all times.

Graduation

The FOCUS Week will end with a graduation at Fairisle Junior School. This is an opportunity for the class to present the work that they have done during the week. Family and friends, including babies, are welcome to come to the graduation to support students. The graduation will be on Friday the 16th of October, and your child will receive an invitation with more details about this on Monday.

Registration form

Below is a QR Code that links to a registration form for the student. **This needs to be completed and signed by the child's parent/guardian.** It is very important that you complete the form **as soon as possible**. Your child will not be able to participate in the FOCUS Week without it.

We very much look forward to welcoming your child to our **IntoUniversity** centre this year.

With all good wishes,

Anita Sowa
Secondary FOCUS Coordinator
IntoUniversity Southampton West
